Family Camp Welcomes

HOLDEN VILLAGE

June 30th-July 5th 

HOLDEN VILLAGE ON THE ROAD

Holden on the Road is an alternative for those who will not be able to visit Holden Village this summer because of the mine remediation construction. Even though we cannot welcome you as a guest in the Village, we can offer you the opportunity to experience the rhythms of Holden – worship, study, arts and recreation – with our partners at exciting venues across the country.

Each Holden on the Road event will be multi-generational, including teaching staff sessions, Bible study and worship and presentations with current information about what is happening in the Village. You will have an opportunity, too, to discover what each host site has to offer. All of our partners have agreed to welcome longtime and new Holden community members. Our partners share many of Holden's core values, giving us an opportunity to celebrate God's creation in beautiful, natural settings or even in the dynamic environment of urban college campuses.
